

## Sophisticated search

my@utover's sophisticated search engine will help you find the product you want. And you can search by:

- brand / model group / body type / model
- product code (Autover code / Euro code)
- product type
- description

Once you've identified your product, you can even find out whether there are any in stock.

Wherever you are in the world, thanks to my@utover you can now do business on-line, 24 hours a day, 7 days a week. my@utover is an exciting new e-commerce platform created specially for Saint-Gobain Autover customers.

## With my@utover you can:

- place orders
- view product information
- check your account status
- check your order history
- view and print delivery notes
- access the service on your PDA
- access reports

## Not only glass parts

And remember, we don't just supply glass parts - we also have a wide range of accessories, tools and sealants.

## Up-to-date product database

my@utover's up-to-date product database contains every single product in our range, and the site is packed with photos and scale model images to help you make your selection.

## Personal customer account

Every my@utover user is given a personal customer account, which is password protected. All transactions use encryption technology through Secure Socket Layers (SSL), so we can guarantee that your account information remains confidential and secure.

## Other benefits

The many other benefits of my@utover are:

- a user-friendly ordering interface
- electronic order and supply confirmations
- on-line administration: electronic invoices, payment status and ordering history
- advanced ordering file system that lets you place several orders automatically
- option to integrate directly into your own purchasing system
- order and supply confirmation by e-mail, SMS
- a multiple language portal

No installation software is required - all you need is an ordinary PC and an internet connection
